UNDERSHERIFF

Michael Bradley
CHIEF DEPUTY

Dear Niles Township,

These reports are in keeping with my attempt to improve communication between my department and local governments. There is a need from the law enforcement community to increase the exchange of information between communities and the officers that are patrolling the areas of the county.

For that reason I have developed a program to open up communication between my department and your community. The program "Local Government Contact Program" is an effort to open those lines of communications between your village or township and the Sheriff's Department.

Basically, the program consists of a representative from my department who will attend your monthly board meeting and submit a written report of what activities our department responded to in your area. In some areas the information may be short and in others it may be lengthy.

What I hope will occur with this program is that you will gain a better understanding of what the Sheriff's Departments activities are in your area and in doing so you will have a better understanding of what is happening in your area.

This will also be an opportunity for you to provide the officer, who will attend your meeting, with information or concerns you may have.

The information that will be provided is public information and non-sensitive in nature.

If you have any comments or suggestions please call Chief Deputy Michael Bradley, at 269-983-7141 Ext. 7228.

Thank you,
Sheriff L. Paul Bailey
